

NORDICLINE VFI LUXO

Upright freezer cabinet

High volume freezer line.

Large volume freezer cabinet with full glass-doors

NordicLine VF1 Luxo full glass door and NordicLine VF1 Luxo TD twin door freezers offers great product visibility and volume.

New brands, flavours and pack sizes are constantly being launched in the frozen food segment. While good for business, continual innovation places demands on product display equipment.

Visibility and shopping experience

NordicLine VF1 Luxo is a cabinet that truly has it all. Designed with a superior shopping experience in mind, efficient lighting, large glass doors and optional glass end panels culminate in a complete solution with increased product visibility at its core. Black door frames are available as an option to further increase product visibility.

Volume and technology for better business

NordicLine VF1 Luxo boasts superior temperature performance, energy efficiency and

ease of maintenance. Low energy fans and LED lights guarantee further energy savings.

Smaller footprint and a more direct product facing

NordicLine VF1 Luxo TD offers great visibility for bottom sections products with a glass pane reaching down to base level. With twin doors (TD) accessibility is easy and effortless for daily usage. Smaller footprint (up to 20-30% smaller than conventional combi freezers) allows not only efficient use of space but also offers better ergonomics for consumers. Installation and commissioning is fast with NordicLine VF1 Luxo TD and it also lines up perfectly with standard NordicLine VF1 Luxo.

CHOOSE NORDICLINE VF1 LUXO FOR

- Great product visibility
- Optional glass end panels for better product visibility
- Different cooling systems available
- Low-energy fans for energy saving
- LED lights for better internal illumination and energy efficiency
- Black door frames available as option
