COSTAN 

SILK CLOSED

Narrow and Compact

Epta

Silk N and C of OutFit family increases its value in terms of performance and energy efficiency with the CLOSED version.

Equipped with straight sliding covers, with a light frame and ergonomic handles, **Silk Closed reaches 50% energy saving**, preserving the merchandising peculiarity of the open range thanks to the **high transparency of the tempered and high reflection glasses** which enhance the food displayed.

Hence reaching the best level of performance in terms of food preservation and energy labelling. All these aspects make Silk Closed unique in the fresh food area, combining elegance and aesthetics with high efficiency, thus improving the shopping experience.

PRODUCT OVERVIEW

Main Features | Merchandising

Food visibility: the key element that leads the buying process in the store, is guaranteed by the perfect aesthetical integration of single glass lids in the cabinet combined with the excellence of Epta glass transparency. The minimum impact of the sliding lids structure in dark grey colours drives the shoppers to focus their attention to the food displayed.
